### Sant Longowal Institute of Engineering and Technology

Diploma in Computer Science and Engineering- CGPA : 9.81/10

July/2019 - May/2022

Sangrur, Punjab

## PROJECTS

### Budget Buddy | React, Redux, CSS, Firebase [link](#)

April/2024 – June/2024

A personal finance management application that helps users track expenses, set budgets, and visualize financial data.

- Engineered React.js frontend with Redux for state management.
- Integrated Firebase backend for secure data storage and real-time updates.
- Produced interactive charts using Ant Design, improving financial insights..
- Optimized UI/UX with responsive design principles.
- Implemented error handling and data validation..

### Home Heaven | MERN Stack [link](#)

June/2024 – September/2024

A feature-rich home rentals platform designed to enhance user experience through efficient browsing, listing, and booking, providing a seamless solution for both property owners and renters.

- Developed detailed property listings, allowing users to upload, delete, and manage photos.
- Allowed keyword search and category filtering, facilitating easy navigation and discovery.
- Established wishlist features, allowing users to save favorite properties for quick access and comparison.
- Employed Mongoose for structured data storage, effectively managing records with ease and reliability.
